THE JEWELER.

Sold by KNIGHT & LANG, Ocala, Fla,"

You see these words on nearly every wagon that drives by your door, and the same could be said of Carriages, Buggies and Harness. There must be a reason for this-and there is-a good one: When we began doing business with the people of this vicinity we decided to handle only a line of goods that would need no apology. The result is apparent already. We reasoned that we could not afford to handle the Shears. Sawbuck & Co.'s, or mail order house quality of goods, as we must do business with our neighbors and not with customers a thousand miles distant. . Our lines have been carefully selected. Our
